

Transportation:

People who reside at the Strawberry Point Lutheran Home Community continue to be

participating members of the community. Therefore, we have transportation vans to transport residents and help them stay involved with community events and activities.

Spirituality: We understand the importance spirituality and religion play in the lives of many of the residents whom reside at the Strawberry Point Lutheran Home. For that reason, our campus pastor is available for all residents and their families, regardless of religious denomination. Family Relations:

- ◆ We encourage the participation of residents' family and friends in the caring process by providing opportunities for them to support their loved ones in the facility.
- ◆ We invite family and friends to participate in activities, attend church services, and eat meals with their loved one in our dining room.
- ◆ We have space available for residents and their families to use for special occasions. Limited catering services are also available. Guest rooms, in the adjoining Gernand Retirement Village, can be rented by family members while visiting their loved ones.
- ◆ For additional support our active Resident Council meets, each month, to discuss ideas, concerns, facility updates and upcoming events.
